

University of Virginia Job Summary

Job Code:	Job Title:	LAN Administrator III
UVA Survey Code:	UVA Survey Code Title:	
Pay Band:	Career Path:	Systems & Network Administration
FLSA Status:	Management or Individual Contributor:	Individual Contributor

Position Summary: Describe below the primary purpose and function of this job.

Install, maintain, and monitor the local area network (LAN) and secure network access for a department or business unit . Evaluate vendor products in hardware, software, and telecommunications equipment and recommend purchases consistent with short- and long-term objectives. Recommend, develop and implement LAN policies and standards and ensures adherence to security procedures. Maintain contact with outside organizations in the maintenance, service and/or purchase of the LAN. Train users on LAN operations and procedures (access, security and usage).

Key Roles & Responsibilities: List up to 6 key roles and responsibilities of this job.

1. Responsible for administration and day-to-day access, usage and performance of the department LAN. Provide integrated team support security and maintenance of networked file servers, hardware and software. Study vendor products to determine those which best meet organization needs and assist in the installation of hardware, software, and telecommunications equipment.
2. Responsible for handling complex networks, connectivity and performance issues and problem resolution.
3. Analyze and provide bandwidth and security requirements and perform associated periodic assessments.
4. Install new workstations and other devices; provision accounts and other security devices or software.
5. Select, develop and implement LAN network management applications. May assist senior management in future network needs assessments.
6. Train users on secure usage of file server and LAN services. May provide work guidance to more junior staff.

Expertise: Describe the requirement for knowledge and expertise about the subject area as well as how various parts of the University work together to achieve objectives. Explain the degree of understanding required of the industry and university environment.

Incumbent is required to have an in-depth understanding of his/her discipline including all required certifications as well as an in-depth understanding of the business environment of a large university system. Incumbent must demonstrate an understanding of the University system, its policies, and its operating procedures. Incumbent is expected to maintain currency of knowledge with respect to relevant state-of-the-art technology, equipment, and/or systems.

Incumbent should have thorough knowledge of computer sciences and applied skills and abilities for: diagnosing and resolving LAN problems; setting up and rebuilding clients; administering server directory structure authentications, permissions and shares; create databases, administering access rights and maintaining database performance; creating, developing and maintaining Intranet Web sites; resolving Help Desk issues; introducing new applications, installing them on servers/clients, and providing basic user training to improve users' computer literacy and proficiency.

Problem Solving: Describe the nature and complexity of the problems this position encounters on a recurring basis. Include information regarding the level of innovation required, if any, and include mention of environmental factors that may add to the complexity of resolving issues.

Incumbent will address complex problems and will use experience and judgment in selecting among authorized procedures. Incumbent seeks assistance when significant deviations are proposed, or when unprecedented problems arise. Incumbent assists senior staff in developing approaches to problem-solving and anticipating issues.

University of Virginia

Job Summary

Nature & Area of Impact: To what degree does this job affect the University (i.e., through interactions with faculty or students, making decisions, defining or setting strategy, etc.)? What is the breadth of the impact that this job has, either positive or negative (i.e., affects own team, department, function, business unit, entire university, etc.)?

Impact is felt within the team/department for which the incumbent works and may be felt within multiple, coordinating departments. Work quality, decision-making and long-term project management can affect the productivity of students, faculty and/or staff. Impact of errors can be substantial and/or university-wide.

Interactions / Interpersonal Skills: Describe the nature and level of interactions this job has with others, both internally and externally. Explain any specific interpersonal skills necessary to successfully perform this role (i.e., negotiation skills, represents business at external events or to governmental bodies, etc.).

Interactions are with fellow team members and coordinating team members, but the incumbent will also have interactions with assigned student, faculty, or staff clients. Incumbent works with external vendors or service providers. Incumbent should possess good verbal and written communication skills to convey technical guidance and information to users and to provide excellent customer service. Incumbent will train and provide guidance to more junior staff members.

Distinguishing Characteristics

This is the career-level for the discipline. All incumbents who have demonstrated proficiency and satisfactory performance in the discipline are expected to reach this level eventually. Incumbent possesses all requirements and skills for Level 2 and has achieved proficiency in the typical tasks assigned to Level 2.

- **Skills:** Distinguished from Level 2 skills in that the Level 3 incumbent has fully developed his/her technical skills and has begun to acquire advanced skills.
- **Level of Work:** Distinguished from Level 2 work by activities that are more complex and the latitude to apply skills to solve most problems without review. Assignments at Level 3 are longer-term and the incumbent has latitude to devise the approach and method to performing the assignment.
- **Supervision:** Distinguished from Level 2 by the types and duration of assignments. Level 3 incumbents are no longer expected to perform routine activities and the incumbent will regularly perform long-term or non-routine assignments with minimal supervisory intervention. Also distinguished from Level 2 in that the incumbent serves as a resource to Level 1 and 2 incumbents on non-routine problems. Level 3 incumbents will often train Level 1 and 2 incumbents on work processes and policies.
- **Interactions:** Distinguished from Level 2 in that the Level 3 incumbent regularly works beyond his/her own team and at times, externally. The Level 3 incumbent works with related teams, client groups, management and vendors.
- **Focus:** Distinguished from Level 2 in that the Level 3 incumbent regularly works toward specific team goals and assists clients in achieving their team's goals.

Job Requirements And Qualifications: Indicate the minimum and preferred education and experience for this job and any licenses and certifications required.
